To Whom It May Concern:

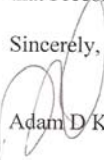

RE CHRIS O'CONNOR, CELTIC PLUMBING

I have had the pleasure of using the above both for residential and commercial plumbing work. His work is outstanding and perfect. Every problem that required work in both the commercial office as well as my residence, and the residential homes of my mother and brother were done perfectly. He has also made himself available on short notice when emergency problems have arisen.

Mr. O' Connor is also extremely honest, ethical and fair in his estimates and labour.

Should you have any questions, feel free to contact me above. It is with great enthusiasm that I recommend him to you for your commercial or residential needs.

Sincerely,

Adam D Koenigsberg MD FACS
